

QHSE Policy Statement

Storengy's ambition is to reinforce its place among the world leaders in underground storage systems, and become a leader in all QHSE aspects amongst its peers. Storengy's QHSE management system aims to ensure the Health and Safety of its personnel, its contractors and its industrial site neighbours and to respect the Environment.

This ambition is in line with the GDF SUEZ Group commitment, in particular to its Sustainable Development and Health and Safety policies, aims to establish balanced and constructive relationships with its customers and all stakeholders. All Storengy companies and joint ventures under our full operational control must manage QHSE in line with this policy.

For effective QHSE management, Storengy is committed to:

- Take care of people (employees, contractors, stakeholders) by preventing accidents, avoiding health risks and striving for continuous improvement of the health and safety working conditions
- Prevent major industrial risks by maintaining full integrity of our facilities
- Provide adequate resources to ensure a high level QHSE culture which is shared by all Storengy employees and contractors
- Minimize our environmental footprint through pollution prevention and limited natural resource consumption
- Treat our customers as equals and create innovative and performing offers satisfying our clients' demand
- Communicate in a transparent way by favouring exchanges with stakeholders
- Comply with all applicable laws and regulations related to HSE in force anywhere Storengy develops and operates its activities
- Play a leading role in promoting best practices in our industries
- Review and revise this QHSE policy statement at regular intervals as necessary

In this way Storengy and its management aims to have a QHSE performance we can be proud of, to earn the confidence of customers, shareholders and society at large, to behave as a good neighbour and contribute to Sustainable Development. Storengy encourages its partners and contractors to adopt its health, safety and environmental protection policies in line with this commitment.

CEO's declaration

The business success of Storengy depends on our ability to continuously improve the quality of our services while protecting people and the environment. Emphasis must be placed on ensuring human health, industrial safety, environmental protection, quality enhancement, and continuous performance improvement. This policy is in the best interests of our employees, our customers and subcontractors, our stakeholders, and the communities in which we live and work.

Jean-Marc LEROY

CEO
